Museum Hours: Tuesday - Thursday 10am - 4pm
Or By Appointment

Local artist and physiotherapist KATHRYN SKELSEY combines her interest in medical science with her skill in life drawing and watercolour painting to create this collection of beautiful figurative artworks.

This exhibition traces an illuminating and inspiring path from her early life drawings, through her academic conceptual explorations to her current medical illustration career.

BODY LANGUAGE examines the essence of being human, and the messages that we give out and receive; to care, learn, influence and communicate.
